Telephone Attachments

TELEPHONE attachments are being peddled in a miscellaneous manner throughout the country and are purchased by unsuspecting or unthinking users and attached to their instruments. Generally the so-called "helps," disinfectants, etc., are a positive hindrance to Telephone service, not being so designed as to secure the maximum of efficiency in hearing or speaking.

Many of them get the lines and instruments into trouble whereupon the Company, to protect its service, is obliged to remove them. Rubber earpiece attachments do not augment the sounds received, and often make it impossible to hang the Telephone properly upon the switchhook. Essentially the same result can be obtained by closing one ear with the palm of the hand. The instruments should be kept clean by wiping them.

Telephone instruments, necessarily very sensitive and intricate, have been designed to produce the best results as they are. In the interest of good service, subscribers are requested to make no attachments of kind to their instruments, and attention is especially directed to the clause in the contract for service, which stipulated that "no electrical or mechanical attachments are to be made to the telephones or lines, which are the property of the Company, without its consent."

To Telephone Subscribers and the Public.

All employees of The Bell Telephone Company of Canada, Limited, whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to the accompanying illustration. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone, to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Company who is without this badge should be refused admission and the Local Manager be notified at once by telephone.

THE BELL TELEPHONE CO. OF CANADA, LIMITED.

The Bell Telephone Company of Canada, Ltd.

PUBLIC NOTICE.

This Company's tariffs of Local and Long Distance Telephone Tolls are open to inspection and may be seen upon application to the Manager at the Company's Central Exchange. The joint tariffs of international tolls for conversations with points in the United States are open to inspection and may be seen upon application at the Head Office of the Company, in the City of Montreal, or to the Company's Manager at the Block Centre for any locality, the name of which centre will be furnished by the Manager of the local exchange. The following are the Block Centres in the districts covered by this Directory:—

Barrie	Niagara Falls	Port Hope
Bridgeburg	Orangeville	St. Catharines
Collingwood	Orillia	Toronto
Guelph	Owen Sound	Uxbridge
Hamilton	Peterborough	Walkerton
Harriston	Port Colborne	Welland

EXCHANGE SERVICE.

GENERAL INSTRUCTIONS.

To call the Central Office, remove the Telephone from the hook and hold it to the ear until an answer is received from the Exchange. Give the Operator the number of the Subscriber's station required, giving the figures of the number separately, as "one-four-two-nine," instead of "fourteen-twenty-nine." Keep the Telephone to your ear, and the Operator will connect you with the party called for and ring his bell, unless his line is found to be busy, in which case she will notify you of that fact.

Answer the calls on your bell promptly.

Face the Transmitter with the mouth about one inch from the opening. Speak naturally, distinctly and not too rapidly.

If the station connected fails to answer within a reasonable time, the Operator should be called and informed of the fact. Upon being informed that communication has not been established, the Operator will then ring a second time.

After your conversation is finished hang up the telephone. If your station is equipped with a generator and crank be sure and give one (1) short ring, as this clears the line for another call.

not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

☛ DESTROY PREVIOUS LISTS.

The right of the Subscriber is to use the instruments and connecting lines where the Company may place them, but not elsewhere, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased from this Company.

Moving of Instruments.—The Telephone is first located by the Company where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done by the Company at the expense of the Subscriber.

Numbers.—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such numbers.

No profane or obscene language will be tolerated over the lines of the Company and the Company reserves the right to remove the lines and instrument without notice for any violation of this rule.

Complaints regarding inattention on the part of employees of the Company, or of interruptions to Exchange Service, should be made to the office of the Local Manager, and, if not promptly attended to, the matter should be reported to the Head Office, Montreal.

LONG DISTANCE SERVICE.

Direct Telephonic communication can be had with all the principal cities, towns and villages in the Provinces of Quebec and Ontario and the United States, within a radius of one thousand miles. A list of Offices connected by the Long Distance Lines of this Company in the Provinces of Ontario and Quebec will be found in this book.

RULES AND REGULATIONS.

To Make a Long Distance Call—First call for "Long Distance." When the Long Distance Operator answers, give the number or firm name, the initials and name of the particular person desired, the city or town, and the initials and name of the person originating the call.

Long Distance Charges—All rates quoted are for conversations of three minutes or less. For overtime beyond the initial period of three minutes, charge will be made by the minute at the rate of about one-third of a single message rate for each additional minute.

When a particular person is desired, the name must be given to the Operator otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Reversal of Charges.—All charges will be made against the originating office except those for which the receiving party expressly agrees to pay.

Complaints.—Complaints regarding unsatisfactory Long Distance Service should be made to the Local Manager, or to Head Office, Montreal.

PARTY LINE COURTESY.

To make party line telephone service efficient, and to prevent annoyance to the subscribers on the same circuit, the following rules must be observed:—

1. Answer only your own signal. If there is any confusion about the rings, report the fact promptly to the Chief Operator.
2. When you wish to call, remove the hand telephone and listen. If the line is in use restore the telephone immediately to the hook and wait for those using the line to finish.
3. Do not allow the servants, children or others to listen on the line when it is in use or to play with the telephone at any time.

Please remember that the other subscribers on the line have equal rights with you and that parties on the same telephone line should be as courteous to each other over the wire as when they meet face to face.

Party line service is satisfactory when the above rules are observed.

Ever Notice what queer pranks in transposing figures your mind will play?

Take the numbers 1468 or 1546, for example. How easy it is, if you let your mind wander even for an instant, to say 1648 or 1456 —you transpose them.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

Ever Notice what queer pranks in transposing figures your mind will play?

Take the numbers 1468 or 1546, for example. How easy it is, if you let your mind wander even for an instant, to say 1648 or 1456 —you transpose them.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

It Is Cheaper Far

—to telephone than to travel. A few cents for a long distance call as compared with the cost of railway fares may be found to bring about the same results.

Webb's

MILK

CHOCOLATE

THE CREAM OF ALL
THE MILK CHOCOLATES.

Milk Chocolate is an ideal winter food, stimulating, nourishing, sustaining—unequalled in real goodness—especially Webb's.

When you go for a tramp, or a skate, or a ride, at work, or at play, put a cake or two of Webb's Nut Milk Chocolate in your pocket. It will carry you through.

Made in Nut Bars, Arabs, Orchids, Rings and Tablets.
Ask your confectioner or grocer.
